

Dear Manager,

_____ has registered with Youngcare to feel the wind in their toe hair on October 1, and host a Thong-a-thon event to raise funds for Youngcare's National Thong Day.

Organisations right around the country are being asked to join forces with this pioneering group of bethonged Australians, and consider matching donations made by employees to support a cause that is of significance to them.

Thongs represents fun, freedom, youth and an Australian way of life and Thong Day celebrates exactly that. It's a great opportunity to have some fun and generate positive team spirit in your team and 100 percent of funds raised will go directly toward the expansion of our national support and advice hotline, Youngcare Connect; our Youngcare At Home Care Grants program; construction of the Youngcare Apartments Gold Coast and planning for the Sydney Youngcare Apartments project.

Every young person deserves a young life. Yet, right now 6500 young Australians are living in aged care with a further 700,000 more being cared for at home with the full time support of family and friends. Why? Because there are very few choices for care and accommodation available if you are a young Australian in need of care. This is why Youngcare exists.

Youngcare relies solely (pardon the pun) on support of the community and business so we ask that you please consider joining forces with your colleagues and match funds raised.

Only through your support is our work made possible. So, from the soles of our feet, thank you in advance for 'kicking it' with Youngcare this Thong Day!

Your's sincerely,

Marina Vit
CEO, Youngcare

Yes, _____ (company name) would like to match funds raised.

_____ Signed

_____ Position

_____ Host name

NB. Please return to the host event or to Youngcare PO Box 725 Spring Hill Q 4004
